NUMBER 173.

WITH THREE SUBJECTS

Is the Public Mind in Washington Occupied.

MESSAGES ARE AWAITED.

They Would Greatly Lessen the Anxious Suspense.

SPAIN'S CRUELTY CROPS OUT.

She Refuses to Exchange the Heroes of the Merrimac, and Retaliation, Terrible to Contemplate, May Be Resorted to by the Americans.

Washington, June 21. — Public attention here was divided almost evenly between three subjects—the movements of General Shafter's army, the probability of reinforcements having reached Dewey, and the status of Hobson, the naval hero.

Up to a late hour in the afternoon neither of the anxiously awaited messages which were to announce the arrival of transports at Santiago and Manila had reached either the war or navy department.

It was not doubted, however, that our vessels are off Santiago, for although proceeding at a less speed than the English steamers which at Kingston reported having passed them in the Windward passage, the distance which they would be obliged to travel from the Windward passage to Santiago is less than that traversed by the British ship which came into Jamaica in the early afternoon.

If they arrived only Monday morning off Santiago, they could report that fact solely by means of a dispatch boat running over to Kingston, a 12-hour journey.

It is not doubted that just about the time Shafter appeared off Santiago the Charleston appeared in Manila bay leading the three transports which bring nearly 3,000 soldiers to Dewey's assistance.

That fact will not be known, however, officially, for two or three days, owing to the distance from there to Hongkong, the nearest cable point.

It is questioned here whether with this force to back him Dewey will feel justified in assaulting Manila or even in accepting its surrender.

JEALOUSIES TO BE AVOIDED.

Either course would involve heavy responsibilities for the admiral, and it is extremely desirable that no pretext be afforded jealous European powers for intervention at Manila under guise of protecting the interests of their subjects.

Therefore it may be that the admiral will wait for another 10 days until the second installment of troops reaches Cavite. In this case he probably will land the troops that arrive in the town of Cavite, which is now completely under the control of himself and the insurgents, and employ the time in accustoming them to Manila methods and climate.

During the day dispatches announcing that Captain General Blanco had refused to exchange Hobson and his fellow prisoners created some indignation, which was modified later by Madrid advices quoting Sagasta as saying no decision had been reached.

Should Spain adopt the cruel and unusual course of refusing an exchange the regulations of the war department are sufficient to meet its case. The following principle is laid down in its regulations:

"Retaliation will never be resorted to as a measure of mere revenge, but only as a measure of protective retribution, and moreover, cautiously and unavoidably; that is to say, retaliation shall only be resorted to after careful inquiry into the real occurrence, and the character of the deeds that may demand retribution. Unjust or inconsiderate retaliation removes the belligerents further and further from the mitigating rules of regular war and by rapid strides leads them to the internecine wars of savages."

SPANIARDS HAVE MOST TO LOSE.

It was pointed out by a leading officer of the army that the Spanish had most to lose by a course of cruelty which would call for retaliation, as the number of Spanish prisoners is far greater than that of American prisoners.

There was a wholesale christening at the navy department when Secretary Leag supplied names for no less than 35 war craft. All of these were provided for in the last naval appropriation bill, and while contracts for

their construction have not yet been let, the advertisements have been issued except in the case of monitors, and all the boats will be under way before cold weather.

First in the list of the big battleships is the Maine, for congress has provided that that name shall be continued in the naval list. The other two big battleships will be called the Missouri and the Ohio.

The first of the torpedo boats bears the name of the brave young ensign, Bagley, who was killed on the deck of the Winslow under the guns of Cardenas, the first American naval officer to lose his life in the war.

Four states have the privilege of giving their names to monitors—Arkansas, Connecticut, Florida and Wyoming.

The names given to the 16 torpedo boat destroyers are those of America's famous naval heroes—Bainbridge, Barry, Chauncey, Dale, Decatur, Hopkins, Hull, Lawrence, MacDonough, Paul Jones, Perry, Preble, Stewart, Truxton, Whipple and Worden.

NAMES OF TORPEDO BOATS.
The names applied to the torpedo boats are those of lesser fame but still of glorious memory. Besides Bagley's they are: Barney, Blakely, Shubrick, Stockton, Thornton, Tingey, Wilkes.

There is now only one vessel, either building or authorized, left without a name, a gunboat officially known as No. 16.

Word went around the war department that the Cadiz fleet had made another spectacular appearance, this time returning to the home port. The source of the information is not disclosed, so that it is impossible to tell how much credence to attach to the report.

Rumors of troop movements continue to emanate from Camp Alger. This time it is stated on what appears to be better authority than usual that one brigade, composed of the three most perfectly equipped regiments—First Rhode Island and Sixth and Ninth Massachusetts—are to be sent from this camp to Santiago.

The Sixth Illinois, Eighth Ohio, Third and Sixty-Fifth New York and Thirty-third and Thirty-fourth Michigan are said to be slated for Porto Rico, and the quartermaster-in-chief of the corps is supposed to be arranging for the transportation of these troops, who will, it is reported, be sent by sea directly from Newport News on the two big liners, the Yale and Harvard, late the New York and Paris.

A POLITICAL ISSUE.

Americans Will Not Allow the Flag Pulled Down.

Washington, June 21.—Senator Teller, in concluding an eloquent speech on Hawaiian annexation, said:

"You can not make the American people believe that the government of the United States is not capable of exercising the powers of control in the Philippines or in any other part of the world, or that we can not give to that people a government infinitely better than they have had there for 200 years."

"You can not make the American people believe that freedom and liberty will be a means of harm to the people who are asked to take their share in it."

"I don't know what the war will bring to us; but I do believe that wherever our flag flies by right of conquest or the consent of the people there it will remain. And the party or the men who propose to take it down will have to reckon with the American people."

Headed Toward Porto Rico.

Port Antonio, Jamaica, June 21.—Captain Hopkins of the Boston Fruit company's steamer Brookline, which arrived at Port Morant Monday morning, reports that he sighted transports conveyed by United States warships 50 miles south of Crooked island passage Sunday morning. He was due north of Cape Maysi. Captain Hopkins reports also that he was chased by the United States gunboat Helena. The transports, he says, were headed southeast and, in his judgment, for Porto Rico. He argues that if they were bound around Cape Maysi for Santiago, they were far off their course.

Saw a Few of Them.

Kingston, Jamaica, June 21.—The British steamer Ethelwold arrived at Port Antonio Monday morning and reported passing Sunday near Cape Maysi, the extreme eastern point of Cuba, an American gunboat, an auxiliary cruiser, two transports and a schooner, in tow. Later she passed another steamer with troops on board. The Ethelwold was stopped by a gunboat with a blank shot and was questioned as to her identity.

Only Get One Chance.

Albany, June 21.—The state military authorities have announced that none of the organizations of the national guard which did not go out under the first call will be given an opportunity to volunteer under the second call. This decision will prevent the Seventh, Twenty-third and Seventy-fourth regi-

ments and 10 separate companies from forming a part of New York's quota under the second call.

Hobson's Fate Not Decided.

Madrid, June 21.—Premier Sagasta, when questioned on the subject, said nothing had been decided, "in spite of the American reports," regarding the exchange of Naval Constructor Hobson and his companions, who were captured by the Spaniards after they sank the collier Merrimac in the narrow channel leading into the harbor of Santiago de Cuba.

A Significant Vote.

Washington, June 21.—In the midst of the Hawaiian debate Senator White moved to adjourn and the motion was lost by a vote of 44 to 15, which is considered significant. Those voting ye were: Bacon, Bate, Berry, Butler, Chilton, Clay, Cockrell, Jones (Ark.), Mallory, Pascoe, Pettigrew, Roach, Turley, Turner and White.

Foreigners Man the Guns.

Santiago de Cuba, June 21.—French, Austrian and German gunners have charge of the Spanish batteries here. Their capture may result in serious international complications.

In Favor of the Spies.

Montreal, June 21.—Judge Mathieu gave judgment in the demurrer of the attorneys representing Lieutenant Caranza and Senor Du Bosc, declaring that the ninth paragraph in the capias alleging that the Spanish officials were at the head of a Spanish spy system must be stricken out, as it was irrelevant to the present case. The judge fixed Thursday next for hearing the arguments in the case.

A Warship Sighted.

Mole St. Nicholas, Haiti, June 21.—The cable to Guantanamo is not yet working. A banana sloop from St. Louis du Nord, Haiti, brings news that a warship was seen at daybreak Monday morning, at some distance from the mole, apparently cruising. Her flag could not be distinguished.

Sampson Has a Cable.

Washington, June 21.—The war department received information indicating that its officials had been able to secure an end of one of the cables running out from Cuba, and which, when properly connected, will give Sampson direct communication with the department at Washington.

Flag of Truce Void.

Havana, June 21.—General Blanco has notified the blockading squadron that Hobson will not be exchanged, and that hereafter no flags of truce will be recognized by the Spaniards. They may, however, ask the Americans to recognize such a flag in the near future.

Who Are the Savages?

Hongkong, June 21.—Spaniards in the Philippines have murdered many natives and the insurgents have notified General Augusti of their intention of retaliating by executing Spanish prisoners if the crimes are repeated.

Hobson Remembered.

Washington, June 21.—Lieutenant Hobson, the hero of the Merrimac, will be transferred from the construction corps to the line of the navy and raised to the grade of lieutenant commander probably this week.

A Magazine Exploded.

Off Santiago de Cuba, June 21.—Saturday night the dynamite cruiser Vesuvius discharged three more shells. A terrific uproar followed the second explosion, and it is thought a magazine was blown up.

Passed the Transports.

Kingston, Jamaica, June 21.—The steamers Bowden, Jamaica and Brookline arrived here Monday and report having passed in the Windward passage Sunday night 24 American vessels headed southward.

A New Republic Born.

Hongkong, June 21.—The Philippines have declared their independence and elected General Aguinaldo president of the new republic, which will favor an American protectorate.

Ohio Volunteer Insane.

Chickamauga, Ga., June 21.—W. H. Morrow, private of the Fourth Ohio infantry, has been committed to Lyon's View asylum by Recorder Hope on a warrant of insanity.

Kingston Cable Cut.

Off Santiago de Cuba, June 21.—The auxiliary cruiser St. Louis cut the Kingston cable Saturday night within a mile of El Morro.

Spain Demands a Ransom.

Kingston, Jamaica, June 21.—Spain has demanded a ransom of large proportions for Lieutenant Hobson and his comrades.

Must Drink Water.

Washington, June 21.—An order has been issued positively prohibiting the introduction of alcoholic drinks into Camp Alger. Heretofore officers have been permitted to have such beverages delivered to them.

NO SUCH CONTEST

As There Was at the Last Republican Convention.

Columbus, O., June 21.—There is no such contest this time as at the last Republican state convention when M. A. Hanna was endorsed for senator and Charles L. Kurtz was defeated for state chairman.

Kinney for secretary of state, Spear for supreme judge and Allen for clerk of the supreme court have no opposition for renomination.

The only other nomination is for member of the board of public works, for which place there are several contestants.

The main contest is for the control of the state committee, and what are known as the Hanna, or national administration men, are said to have the members of the state committee from 18 of the 21 districts as against what are termed the Kurtz, or state administration men.

When Hanna was elected senator last January, the opposing candidate was Mayor McKisson of Cleveland, the home of the senator.

There are two delegations here now from Cleveland but it seems certain that the Hanna delegation will be seated over the McKisson delegation, and thus insure the selection of a Hanna man on the state committee from Cleveland and also the control of the local committee of Cuyahoga county, which will hold over till next year.

Both factions are now wanting the control of the party machinery, as next year nominations will be made for governor and almost all the state offices.

There are contested delegations from Allen, Tuscarawas and Hardin counties that will affect the selection of members of the state committee.

The Hanna men have such a large majority among the delegates that they will control the convention without contest on anything after the report on credentials is adopted, and the committee on credentials will be composed almost unanimously by the senator's friends.

There is much disappointment over Senators Foraker and Hanna being unable to leave Washington. It was intended to have Senator Hanna for temporary chairman and Senator Foraker for permanent chairman, but now General Charles H. Grosvenor will be both temporary and permanent chairman and make the keynote speech of the campaign.

SENATE COMMITTEE

Decides to Favor a Bill for Construction of Nicaraguan Canal.

Washington, June 21.—The senate committee on a Nicaragua canal agreed to report a bill providing for the construction of the Nicaragua canal, but on lines very different from those of bills previously reported. The bill authorized practically provides for the construction of a canal by the United States.

The Maritime Canal company is to be continued in existence, but all the stock is to be held by the governments of the United States, Nicaragua and Costa Rica. The bill provides for the payment of \$5,000,000 to the present stockholders for the work already performed.

Severe Wind Storm.

Middleport, N. Y., June 21.—A terrific wind storm struck Niagara and Orleans counties Sunday. The storm traveled in a belt three miles wide and 70 miles long. In Orleans county hundreds of archards were entirely destroyed. The damage will reach many thousands of dollars. A woman living near Gaines is said to have received fatal injuries from a falling building.

More Trouble For Leiter.

Chicago, June 21.—More threatening clouds are gathering for Leiter. Since the announcement of Leiter's withdrawal from the deal the price of cash wheat has declined 10 cents. That means an additional loss of \$1,000,000 within a week, which the elder Leiter apparently will have to pay.

Garcia to the American People.

Off Santiago de Cuba, Sunday, June 20.—This is the message General Garcia sends to the American people: "I am greatly obliged for the efforts of the American people in securing the independence of Cuba and I shall do all I can to defeat the Spaniards quickly."

New Army Corps to Be Created.

Washington, June 21.—An additional army corps to be known as the eighth is to be created. It will be composed of the troops assigned to the Philippine islands and will be in command of Major General Wesley Merritt.

Will Sail This Week.

San Francisco, June 21.—The third expedition to Manila will sail next Thursday or Friday at the latest. Supplies and coal are now being placed on board the transports.

GARCIA WAS ON BOARD.

Held a Long Conference With Admiral Sampson.

THINKS WAR WILL BE BRIEF

Spanish Troops at Guantanamo Are Starving.

THEY CAN GET NO RELIEF NOW.

The Grizzled Cuban General Has a Large Army Near Santiago Ready to Act With the Americans When the Proper Time Arrives.

Off Santiago de Cuba, June 21.—General Garcia, with 4,000 troops, coming by forced marches from Canes, is now nearing Santiago.

His troops are within 40 miles of the city. He left 3,000 men at Holguin to prevent the Spaniards there effecting a juncture with General Toral at Santiago.

The Spanish troops at Guantanamo, under General Maso, are also cut off from General Toral, and are badly pinched for food.

They wildly appealed for provisions and reinforcements, but the only reply they got was that both were impossible.

General Maso said his men were even then at half rations, and that the supply was only sufficient to last during the present month.

General Garcia and his personal staff were picked up at General Rabi's camp, 18 miles west of Santiago, and brought to the flagship Sunday afternoon by the gunboat Vixen.

There the grizzled and wounded patriot had a long consultation with Admiral Sampson regarding the operations for the investment of Santiago and the co-operation of the American and Cuban troops.

General Garcia is very enthusiastic. He says the Spaniards are starving and can not hold out long, and that the war in the island will end in a few months.

Two regiments of troops will be landed at Guantanamo bay, which will be held as a base until Santiago falls. There has been no sign of Spanish troops in the neighborhood of Camp McCalla for several days.

It is estimated that over 300 Dons have been killed or wounded there since the landing.

Fifty-eight bodies were found Saturday. The Spaniards seem satisfied that they can not dislodge the Americans and have withdrawn.

Lieutenant Delehanty, with an expedition, is nightly at work removing mines from the river connecting the upper and lower bays.

When this is clear the ships will move up the channel and take the town of Calmanera, whose forts were demolished by the Texas last Friday.

Magowan a Legal Bigamist.

Trenton, N. J., June 21.—The New Jersey court of errors and appeals reversed the decision of the court of chancery which upheld the Oklahoma divorce obtained by ex-Mayor Frank A. Magowan from his wife, Mary E. Magowan. The effect of this decision is to make Magowan a bigamist, as he was married to Mrs. Barnes in Milwaukee after he secured his Oklahoma divorce.

Young Jimenez Notified to Leave.

Cape Haitien, Haiti, June 21.—It is rumored here that, at the request of the Dominican government, the son of Senor Jimenez, the leader of the recent abortive revolutionary attempt against General Heuraux, president of the Republic of the Dominica, has been notified by the Haitian officials to quit Haitien soil as soon as possible.

Revolutionary Plotting in San Domingo.

Mole St. Nicholas, Haiti, June 21.—It is known that another revolutionary conspiracy is on foot in the Dominican republic. The Oliva, a small sloop, is passing along the northern coast of Haiti picking up Dominicans for the purpose, it is understood, of a new descent upon Monte Cristi or Puerto Plata, with a view to the overthrow of President Heuraux.

Bryan to Serve Under Lee.

Washington, June 21.—It is regarded as probable that Colonel William Jennings Bryan and the Nebraska regiment under his command will be assigned to the army corps commanded by Major General Fitzhugh Lee. War department officials were reticent about the matter when questioned, but there is excellent authority for the statement that the assignment will be made.

The torpedo boat seems to be a failure; but then, come to think of it, they haven't had much opportunity during the present war to show what they can do.

A THREAT to turn the dynamite cruiser Vesuvius loose on Santiago would no doubt cause the Spanish authorities to capitulate at once. She's "the hottest thing" in the fleet.

Germany.....40,260,000,000

Austria.....22,500,000,000
Italy.....15,800,000,000
Spain.....11,300,000,000

These figures include everything, such as farms, railways, houses and merchandise, and show that Uncle Sam is way ahead of all the others.

THE London Times has been saying some real nice things about Uncle Sam,—"the kin across the seas." In the opening paragraph of a recent editorial these compliments are bestowed:

The Americans are by virtue of their experience in their own Southern possessions admirably fitted to develop the latent possibilities of the Philippine group; their genius under the new conditions is untried, but full of promise; the natives would flourish exceedingly under honest treatment and capable rule, while the thought that between the Stars and Stripes at Manila and the Union Jack at Hongkong there were hands stretched across, joined it may be in an invisible embrace, would be silent but sufficient warning to any power that for reasons of its own was unwise enough to disturb the Anglo-Saxon status quo.

"It is to American push in China," continues the Times, "under somewhat discouraging circumstances, that we owe the gradual abolition of the junk traffic and the substitution for it of cheap, quick and suitable steamer service. If ever it was true of any community, it is true in this regard of the former American settlers in China that they labored and that we have entered into their labors. Every consideration, therefore, be it of justice or of policy, points to the welcoming of our American cousins should they deem it right to take a new departure in the far East."

MORE SOLDIERS WANTED.

Lieutenant Johnson Will be Here Saturday to Recruit Forty For Second Regiment of Regular Army.

The Second U. S. Regular Infantry, for which organization I have been recruiting, is now nearly full and I have received orders to hold myself in readiness to stop the work and go on to Tampa.

The regiment is now operating against the Spanish in Cuba. Over 250 men from Northeast Kentucky, Northwest West Virginia and Southern Ohio have gone to the Second.

In order to give the remainder of the fighting population of this section a chance to go where their neighbors are I will be at the places designated below to receive applications.

Examinations are made here and are final. All expenses paid from enlistment. Pay at \$15.60 a month commences at date of enlistment.

The advantages of the regular army are the experience of officers who have made a life time study of the care of men in camp, on the march and in battle; and the certainty of seeing service if you join the regulars.

Physical examination held before you leave. The examination is a common sense examination, and the object is to avoid sending men who will suffer and make the army suffer by getting sick at the wrong time. Men of good health are reasonably secure from failure of health from properly conducted campaigns.

The requirements are that the applicants shall be able-bodied, unmarried, of good moral character, and between 18 and 35 years old, at least 5 feet 4 in socks, weighing at least 120 naked and more if over 5 feet 4, in proportion to height; the chest measure must be within 1 inch of half of height and capable of expanding 3 inches by breathing. * * * Minors must have written consent—of father, if living, otherwise of mother; of guardian if neither parent is living.

Persons who do not fill the bill will only waste time by applying, as I have no money of my own to pay them with, and Uncle Sam won't do it for me.

Drunk gentlemen are requested not to bore the recruiting officer or his medical staff.

People who just want to talk it over will be entertained gladly after office hours.

I would like to have 30 more men from Ironton, on Wednesday, June 22nd. Ten more from Ashland, on Thursday, June 23rd. Thirty from Vanceburg, on Friday, June 24th. Forty from Maysville, on Saturday, June 25th.

The Best Show in Town—Electric Park.

Well there was a warm show at this popular amusement place last week and there is one just as warm this week. The people of Maysville seem to appreciate a really first-class entertainment; this fact being clearly demonstrated by the large and appreciative audience that was out last night. Manager Seeker certainly has secured some "good folks" for this week. Howard and Livingston made a big impression with their "Scenes From Every-Day Life." They do a very strong singing and dramatic act, one that will please all. Mr. Livingston sang Harris' "Break the News to Mother" and was compelled to answer several encores. The Dewitts, Tillie and Billie, made their first appearance before a Maysville audience and made an instantaneous hit. Tillie has a very sweet voice while Billy is a really funny Irish comedian. The emperor, Lew Seeker, sang several new songs, assisted by Rastus.

In all it is a strong show. Go out tonight and enjoy yourself. Remember 10 cents pays your round trip car fare and gives you a ticket to the show.

Pay Your Subscriptions.

Contributors to the opera house fund are kindly requested to pay their subscriptions. Work on the building is in progress, and the committee is in need of the money.

Wednesday was pay day and he received over \$100 in the restaurant. His assailant no doubt thought he had the money in his room.

Fremont Park.

Last night Manager Fremont had a large crowd to witness the opening of his new show. A brighter, cleaner or more pleasing entertainment has never been given in Maysville. Mons. Dubec with his trained dogs, monkeys, cats and rats gave a pleasing and novel exhibition, one that appealed to both old and young. Master Roslyn rendered "On the Banks of the Wabash" in a manner that pleased all. The Kline children were again strong favorites, and produced an entirely new act. Their "Bowery bum and swell" act called forth great applause. George Edwards, the new comedian, is one of the best, and a sure laugh inciter. Mlle. Maxine, Ben Turpin, Ed. Parker, Miss Mazelle and Miss LaBelle were all accorded a hearty reception. The show as a whole is one that deserves the patronage of everyone who wishes to enjoy a clean and meritorious performance.

We Have Always Contended

For and maintain it is a fact that there is a higher order of intelligence evinced in the buying of general merchandise by the people in this and nearby counties than most anywhere else. Our many years of experience goes to show that people want good goods for which they are willing to pay a fair price. Our 1898 Spring business proves that the higher the class of goods the readier they sell. Our beautiful

A DISPATCH from New York says: There is always a possibility of the consolidation of the Big Four with the Chesapeake and Ohio. THE man with a weight on his leg can't hope to win in the race. A man with a weight on his health can't expect to compete in life and business with those who are not handicapped. If his brain is heavy, and his blood sluggish, because of constipation, he will not succeed in doing anything very well. Constipation is the cause of nine-tenths of all sickness. Symptoms of it are: sallowness, listlessness, poor appetite, bad taste in the mouth, dizziness, biliousness, and lassitude. Constipation can be cured easily and certainly by the use of Dr. Pierce's Pleasant Pellets. They are not at all violent in their action, and yet they are more certain than many medicines which are so strong that they put the system all out of order. The great advantage of the "Pleasant Pellets" is that they cure permanently. LOUISVILLE TOBACCO MARKET.

It Was Strong at Opening Last Week, but Irregular at the Close—Some High Prices.

[Furnished by Glover & Durrett, Louisville Tobacco Warehouse.]

Sales on our market for the week just closed amount to 2,648 hhds. with receipts for the same period 1,217 hhds. Sales on our market since January 1st amount to 64,323 hhds. Sales of the crop of 1897 on our market to this date amount to 52,587 hhds.
